What is Tipsy Pickle?

Tipsy Pickle is the UK's first pop-up pickle ball social club.

Tipsy Pickle is the UK's first pop-up pickleball social club. It combines fun and competitiveness of traditional pickleball with social gatherings for friends, family, and colleagues.

In addition to the courts, there will be music, food, and drinks provided by your favourite DJ's, food traders, and breweries.

What is Pickleball?

For those unfamiliar with the game of Pickleball, think Tennis meets Ping-Pong. The game is played with carbon paddles and a wiffleball, while players battle it out on a mini sized tennis court.

Along with new rules, comes new lingo. You'll often hear the term "dinking", "the kitchen", and the occasional "ATP". All of which will be quickly learned as soon as you step foot on the court.
